DIARY No. 448

From

The President, Municipal Council,

Bangalore City.

To

The Secretary to the Government of

His Highness the Maharaja of Mysore,

General and Revenue Departments, Bangalore.

Sir,

I have the honor to forward herewith, in original, a petition from the Manager of the Hindu Anglo-Vernacular School, Sultanpet, Bangalore, requesting permission to remove his school from the present building and hold it in the old Octroi Koti in the Arcot Srinivasa Char's Street in Siddicutta, on the ground that the Health Officer condemned the existing building as too small, ill-ventilated and unhealthy for holding such a large school.

2. Another petition signed by a number of citizens of Bangalore City, which was received in this Office, urging the same request, is also submitted in original, together with a copy of letter No. 12361/1753 dated the 28th June last from the Inspector-General of Education in Mysore on the same subject.

3. The question was placed before the Council at its Meeting held on the 31st Ultimo and a copy of its Resolution, deciding to vacate the old Koti for the said school and hold the Octroi Koti in the present school building in Sultanpet, on condition that the Manager should continue to pay the rent of the building on behalf of the Municipality, until another Octroi Koti is built, is herewith forwarded for information and orders of Government.

4. The old Octroi Koti in Siddicutta is at present utilized as a Bonded Ware-house, where tobacco dealers of the City are allowed to store their stock of tobacco, as they import it into

Present Provisions
to be placed before the
Council - 24/11
The humble petition of S.R. Nanjundiah,
Manager, Hindu A.V. School, Sultanpet, Bangalore
City, most respectfully sheweth:

See
24/11
That your humble petitioner most respectfully begs
leave to state, in reply to Health Officer's despatch No.
838 of 18-4-1911, that he started a school with the help
of some of the respectable denizens of the City for the
boys on the auspicious occasion of the Installation of our
August Sovereign His Highness Sri Krishnaraja Wodeyar --
Bahadur, G.C.S.I., Maharaja of Mysore, with a view to -
supply the public, their long and keenly felt wants in the
education of their children in the locality at which the
school is now situated.

That to great satisfaction of the petitioner, the school
is growing steadily and rapidly in popularity and in useful-
ness ever since its foundation, by the gradual increase of
its strength and efficiency which fact will be convinced by
a kind perusal of the opinion of the remarks made by various
respectable citizens and Inspecting Officers of the Govern-
ment and the statement attached herewith. The municipality
also in having appreciated the progress of the school has -
graciously bestowed a grant of Rs 25/- per month on the said
school for which the petitioner is highly grateful.

That at present the staff of the school consists of 21 teachers of whom one is an experienced graduate, another undergraduate and a number of matriculates. It is needless to state that to maintain this staff besides the servants and building for housing comfortably as many as 680 children the present help from the government is inadequate. The present state of the school demands a further urgent improvement in the staff, which means an additional cost

That the results of the school of this year has enabled your petitioner to boldly venture to state that it stands second to none in the Province. Out of 39 boys sent up for the Lower Secondary Examination in the month of April 1911, 26 have come out successful of whom 3 are placed in the first class.

That the Health officer of the City is thoroughly displeased with the building in which the school is held at present as it is highly ill ventilated, though this is the only building available in this locality somewhat convenient and answerable to all the purposes

That under these circumstances the petitioner prays the Municipality may with its natural wont of kindness and generosity grant the building where "The Octroi Bonded Ware house" is situated in Siddacutta and where once the late City Municipal English school was held, which is found well suited for the present purpose of holding the Hindu A V School, for which act of generosity he shall ever remain grateful

1. the school was started in August last when the public in this part of the City thought fit to open the school on the occasion of His Highness' the Maharaja's Installation (8th August 1902) It has really made a rapid progress for the short time of its existence. The energetic attempts of the masters seems to have gained the confidence of the public here.

Sd. T. Appu Rao, B.A., B.L.,

22nd April 1903.

Advocate, Bangalore.

2. This speaks much of the energy and interest evinced by the Head-Master and other teachers the boys are very well taught. This school situated as it is, in one of the important parts of Bangalore, is a necessity for the local residents. I hope that the residents of this part of Bangalore will take full advantage of this little institution.

- 3 It will be a great relief to education authorities to have such private schools started and maintained by regulated energy In large cities it is very desirable to have such schools in convenient centres as the young -- boys can easily attend them and be almost under the personal care of their parents or guardians

4. Mr. Hanjundish seems, in my opinion to have supplied a real want in opening this school. It is situated in the most central place and is highly convenient to the young children, especially this part of the City. As all large institutions of the City are at great distances small -- schools are sources of endless benefit, bringing education to the masses. I have no doubt such a laudable attempt implying a great deal of self sacrifice on the part of the originators will meet with the approval and countenance of Government

7. The school seems to be excellent order, the accommodation is very fair. The work of the school has evidently incurred a good deal of self denial on Mr. Nanjundiah's part. He has now succeeded in bringing it to the Third Form - standard and I shall be very interested and pleased to hear he has got more help than of old.

Sd. W. B. Tomlington,
Principal W. H. School,
Bangalore.

24th January 1905.

8. The state of the school is very fair. The accommodation is very spacious. Necessary furniture, maps and registers are furnished. The general tone of the school and manners and discipline of the pupils are satisfactory. The school must have grown to the present condition only through the devoted exertions of the present Head Master. I recommend that the school may kindly be given a liberal Grant-in-Aid.

Sd. K. Hanaiya,
in charge, Deputy Inspector of
Schools, Bangalore.

2nd February 1905.

9. This institution was started in 1902 by Mr. Nanjundiah an enterprising and public spirited gentleman of the place. With but few alterations the Government curriculum of studies is followed. The school is held in a fairly well ventilated building. Particular attention is paid to the Keral instruction of the boys. As the Municipal A.V. School is located in the fort, an institution of this kind situated in

4.

in the central part of the town is very useful to boys reading up to the Third Form. The school deserves every encouragement on the part of the Government and I wish every success to the Institution.

Sd. K.M. Vasrabhadrayya, B.A.,
Deputy Inspector of Schools,
Bangalore.

12th April 1905.

10. I wish it every success and hope that its energetic supporter and promoter, Mr. Wanjundich, will continue to show the same amount of zeal towards the institution for which I was told he has spent a lot of his own money.

11. It gave me great pleasure to visit this thriving institution. The school has a large staff of teachers with a capable Head Master and the instruction imparted is fairly satisfactory. By prudent management the expenditure has not been allowed^{to} exceed the income. The school enjoys a central situation in a thickly populated locality and is a great convenience to the parents sending their sons to it. The manager takes an active interest in promoting the usefulness of the Institution.

Sd. C. Krishna Rao,
Inspector of Schools,
East Circle.

7th July 1906

12

I presided at the distribution of prizes on the 17th instant and was greatly pleased with the progress the school had made and is making. The institution is the outcome of private enterprise and an example of what can be effected by the exertions of a public spirited and self denying person of the type of the founder Mr. S.R. Nanjundiah. He has aided the school with his resources and personal services and the present improved and efficient condition of the school is entirely due to him. His enthusiasm for his work is beyond all praise. Work of this kind deserves encouragement both from the public and the Government. The School is centrally ~~located~~ situated in a thickly populated quarter of the city and serves a public want. The Head Master and teachers deserve our thanks for serving on such small salaries and showing such good results.

Sd K. P. Puttanna Chetty,

19th August 1907.

Second Councillor.

13.

I was pleased to see that the classes were not too large. I hear that they are judiciously sub-divided. This enables the teachers to give considerable individual attention to the pupils. I examined the Third Form in reading English and found that they could read well, quite a number of them being almost free from the general mistake that Kanarese boys make in pronouncing English, namely the introduction of the glide sound ~~and~~ between words. A marked feature of the school is the instruction given in religion to every class during the week. The founder himself lives on the premises and exercises constant control. The school

is

4.

is so to speak a "marking" of His and under his care must continue to grow in efficiency and usefulness.

Sd. Frank R. Sell, M. A.,

Professor of English,

27th March 1908.

14. Religious instruction is a special feature of the school. Character formation is very important in these days.

Sd. A. Nanjundappa,

15. This is one of the largest aided A V , institutions in the City of Bangalore managed by Mr Nanjundiah, an earnest, enthusiastic worker in the field of education The school is fairly well equipped Provision has been made for the teaching of infant drill, moral and religious lessons in the school The general management and discipline of the school are well maintained The institution eminently deserves a substantial increase to the present grant at the hands of the Benign Government

Sir,

We, the inhabitants of the Bangalore City respectfully beg to bring the following to your kind consideration and favour of orders.

We are given to understand that "The Hindu A V School" situated in Sultanpet, is about to be shifted to some other place as the building in which the school is held at present is very badly ventilated

1/11

*inst. note
11/11*

We find it worth bringing to your kind consideration the fact that more than 700 boys are attending this school and the average age of them is about 12 years. It may also be interesting to your nobleself to note that youngsters aged between 5 and 6 years are attending this school. These youngsters attend the school from the surrounding places, - Viz., Chakpet, Mamulpet, Akkipet, Arlepet, Siddicuttia, Doddapet, Sultanpet &c. If the school has to be shifted to some distant place, or closed for want of a proper building as per the views of the Health Officer, it is needless for us to point out that it will be a great hardship for us to ask our children to attend a school situated in far off place

We feel it an honour to bring to your notice the valuable work which the school is turning out. This year 26 boys, out of 39 sent up, to the Lower Secondary Examination, have come

out

2.

out successful and three of them have been placed in the First Class.

In consideration of the above we beg to request that you will be pleased to have the school located in the building where the Bonded Warehouse is now located and which was once a flourishing school. This arrangement, we beg to state, will be a great boon conferred on us

For which act of generosity we shall ever pray for your long life and prosperity.

The reply may be kindly addressed to Mr. Hariganna, Secy.

We beg to remain,

Sir,

Adverting to your letter No 2439/M1 102-11-2 dated the 26th September 1911, calling for further information regarding the removal of the Hindu Anglo-Vernacular School, Sultanpet, to the present Octroi Koti building in Siddicutta and the transfer of the Koti to the former building, I have the honour to state that as it was ascertained on further enquiry that the present school building is not fit for being used as an Octroi Warehouse, the idea of the transfer in question has been abandoned. There is a proposal to build a new Bonded Warehouse near the City Railway Goods Shed in the Kemmangundi Road and steps are being taken in the matter. A copy of the Municipal Council's Resolution dated the 4th Instant on the subject is herewith submitted.

I have the honour to be

Sir,

Your most obedient servant,
